PROFESSIONAL SUMMARY

Recent graduate with foundational knowledge in full-stack development and artificial intelligence and hands-on experience gained through academic projects and internships. Demonstrates strong skills and is prepared to start a career and make meaningful contributions with commitment and drive.

EDUCATION

B.Sc.: Computer Science & Information Technology | 2025

The Egyptian E-Learning University

SKILLS

- **Frontend:** React.js, Tailwind CSS
- **Backend / APIs:** Python, Flask, REST APIs, JWT
- **Databases / ORM:** MySQL, SQL, Schema Design
- **AI / Machine Learning:** TensorFlow, Hugging Face Transformers, deep learning
- **Languages:** Python, Java, C, HTML, CSS, JavaScript
- **Development Practices:** OOP, Design Patterns, Agile/Scrum, Git, GitHub, VS Code
- **Soft Skills:** Collaboration, problem-solving, communication, critical thinking, and time management.

PROJECTS

Language Learning Web & Mobile Application

- Led a cross-functional team to design and deploy a scalable web and mobile application with two fine-tuned LLMs, 40+ REST API endpoints, stateless authentication, and a normalized relational database.

Digital Consciousness Architecture

- Developed an end-to-end personalized LLM framework with a multi-stage data pipeline for 24,000+ records, localized LoRA fine-tuning, RAFT, and a ChromaDB retrieval memory stack for persistent context-aware reasoning.

AI Chatbot Assistant

- Built an end-to-end NLP pipeline for intent recognition, entity extraction, and response generation, training and validating deep learning models with TensorFlow and Hugging Face Transformers.

Decision Support System

- Built a secure full-stack decision support platform using Depth-First Search for pathway generation, prompt engineering for scenario structuring, and production-grade security practices.

Task Manager

- Developed a high-performance REST API with full CRUD operations, JWT-based authentication, and an optimized normalized MySQL database schema for efficient data storage and retrieval.

Market Analytics Dashboard

- Engineered a real-time financial analytics dashboard to track Egyptian gold prices and USD exchange rates, featuring interactive Recharts data visualizations and a modern UI.

CERTIFICATIONS

- **CCNA v7:** Introduction to Networks | July 2023
- **CCNA v7:** Switching, Routing, and Wireless Connections | February 2024
- **Microsoft SC-900** (Security, Compliance, and Identity Fundamentals) | September 2024

LANGUAGES

- **Arabic:** Native
- **English:** Professional Working
